

TRUST

Current Opportunities Brochure – Autumn Term 2018

www.ntlearningtrust.org.uk

Welcome to our latest edition of North Tyneside Learning Trust 'Current Opportunities' brochure. This termly update will give you and your school a snapshot of the fantastic activities and courses available through the Trust in the coming months.

We will provide a **Trust Newsletter** at the beginning of each of the Autumn (September), Spring (January) and Summer (April) terms and this together with our half termly **Current Opportunities Brochure** will keep you up to date with Trust News and opportunities. We will regularly update you via email as new and exciting opportunities arise via the Trust **Weekly E-news** and the Science Learning Partnership e-news for both primary and secondary.

Our website is also a valuable source of information, news and opportunities from across the Trust. For the latest information on Trust events and offers, our regional partnerships and supported programmes please visit our News and Events pages via www.ntlearningtrust.org.uk Also available on the website are our termly newsletters, bringing you up to date with the Trust's activities and introducing external opportunities your schools can get involved in.

NRTL Trust Activities

Directory of Opportunities and Services

As part of the new 3 year partnership agreement with schools, the Trust has developed a Directory of Trust opportunities, offers and services for all Trust Partner schools.

The Directory of Opportunities and Services includes contact information for Trust staff, the range and scope of the School Improvement Services available as well as details and links to grant support, bursary opportunities and funding offers.

The Directory will be updated termly and is available in a number of formats including on the website, as an e-book and in printed format [HERE](#)

Hard copies of the Directory of Services and Opportunities have been sent to all Trust Partner School but additional copies are available from the Trust office. Email samantha.gallilee@ntlearningtrust.org.uk for additional copies

Modern Foreign Language Assistant

After the success and impact that the MFL Language Assistants had last academic year the Trust have employed a new assistant to support Trust schools in delivery French teaching and learning. Charmaine Fonseca-Hall comes to the Trust with a background of living and working in France for a number of years.

If you are interested in having support from Charmaine please fill out this expression of interest form [HERE](#)

Places will be allocated on a first come first served basis

For further information please contact samantha.gallilee@ntlearningtrust.org.uk

NTLT Trust Activities

Trust to Trust (T2T) School Support Fund

The Trust is committed to providing school improvement support to all of its partner schools irrespective of their Ofsted grade or the nature of their particular challenges. The Trust Board has recently agreed a new Trust to Trust school support fund of £50,000 that schools can apply to for specific intervention support.

Trust partner schools can apply for a grant of up to £4,000, which must be match funded by the school to pay for improvement interventions. A joint application must be submitted by the provider of the intervention support and the recipient school. The rationale behind the support should be clearly explained along with the nature and duration of the support and associated costs. Clearly defined and agreed outcomes to be achieved must be provided as part of the application and a sub group of the Trust Board has been established to consider and approve applications from schools.

To obtain an application form and further details please contact Samantha Gallilee at samantha.gallilee@ntlearningtrust.org.uk.

Apprenticeship Bursary

North Tyneside Learning Trust has supported employers in North Tyneside, including many Trust Schools, to create over **100** new apprenticeships for young people leaving Trust secondary schools. The Trust covers approximately half the salary costs by providing a bursary of £3,550. Our apprentices have brought considerable value to their place of work and have been employed in a broad range of occupational areas, including engineering, mechanics, business administration and ICT. All of our apprentices are aged 16-18 and have attended a Trust School. Many have already completed their apprenticeship and have remained in employment which is a fantastic achievement. The Trust has agreed to continue the bursary apprenticeship offer this year, with schools prioritised as employers in the first instance.

For more information about this please contact Craig Reid on 0191 643 6407 or craig.reid@northtyneside.gov.uk

NTLT Trust Activities

Transport for Schools

In order to support schools participating in NTLT or STEM programmes, the Trust has established a modest transport budget for NTLT Partner Schools. Match funding will be awarded for STEM or NTLT related activities on a needs basis in order to enable wider participation.

If your school needs assistance in paying for transport please follow the link below and fill out the form. Applications will be assessed on a needs basis and you will be informed within 10 working days if your application has been successful. Please see the terms, conditions, eligibility criteria and access an application form [HERE](#)

#TyneTogether2019

After the success of #TyneTogether2018 in which a record number of 26 Trust schools engaged in a world changing ideas competition the Trust has partnered for the third year with 7billionideas for #TyneTogether2019.

This year the groups will be asked to create a jingle to promote their invention and to submit a short video presentation to judges in the lead up to the final on Tuesday 2nd April 2019

Open to all Key Stage 2 pupils, the programme will include a launch assembly, teachers information pack and final competition event.

Jenny from 7billionideas will be in touch very soon to arrange launch assemblies in every Trust First, Primary and Middle School.

For any further information contact Sam Gallilee at the Trust on samantha.gallilee@ntlearningtrust.org.uk

NLT Trust Activities

Industry Spark

After the success last year of Industry Spark 2018 The Trust are once again working with FIRST face to face to launch the challenge for 2019.

INDUSTRY SPARK

INDUSTRY SPARK is an exciting new employer led competition open to all NTLT high, middle and special schools.

WHAT IS IT?

Businesses from the four fastest growing sectors in the North East digital, manufacturing, energy and life sciences- will set the students a project brief which will be centred around a problem that they face as a company. In teams, the students will plan and develop their proposed solution to the problem they are most passionate about.

The project will culminate in a live final where the top 3 ideas from each sector will pitch their project in front of a live audience of established businesses, start-ups and their peers. The winners will receive prizes, feedback and mentoring from local businesses, and introductions to industry to further enhance their skills and experience.

WHAT ARE THE BENEFITS OF BEING INVOLVED?

Students will gain and develop essential employability skills, be exposed to up to date labour market information relevant to the jobs available in our region and have access to mentoring from these prospective employers.

HOW CAN WE GET INVOLVED?

To find out more information or to sign your school up please contact: Charlotte at charlotte@firstfacetoface.co.uk or call: 07754 607 641

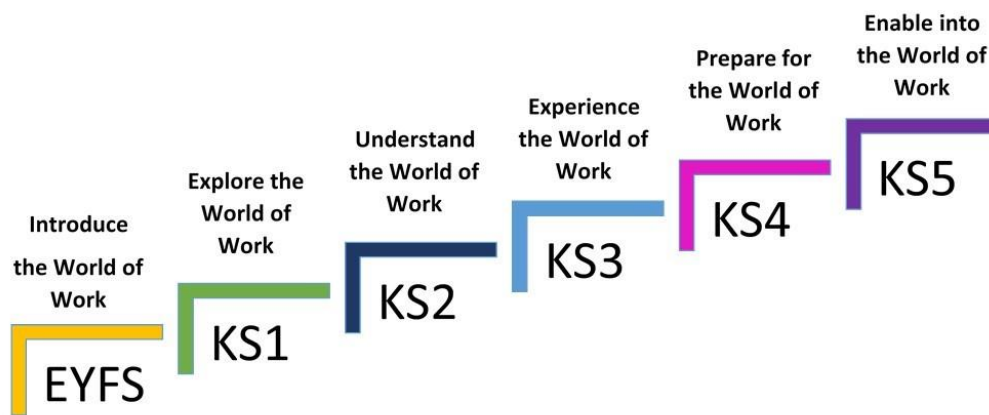

NTLT Trust Activities

World of Work

The Trust World of Work Project is now well established across Trust Partner Schools with interventions, events and support available at every age and phase for every child – no excuses

The Project follows a clear student journey from introducing, to exploring, understanding, experiencing, preparing for and enabling into the World of Work.

The WOW Project Leads continue to provide employer engagement events, workshop interventions and curriculum enrichment signposting. In addition this year the Project is offering a range of new workshops that will offer further career education opportunities and increase the range of meaningful experiences with employers.

Career Match-Ups
Early years and foundation stage activity designed to introduce the concepts of jobs, careers and the World of Work

Career Snakes and Ladders
Workshop designed to explore how the core skills of numeracy, literacy and ICT link to careers

UN Sustainable Development Goals
Activities designed to promote understanding of careers and their impact in the wider world

Employability Workshops
Workshops designed to gain experience of the skills needed in employment

CV and Application Form workshop
Workshop designed to provide the opportunity for pupils to experience the process of CV building and to prepare an application form for themselves

For more information about the NEW initiatives and to book in your careers events please contact the team

Teacher CPD

Laura Dickinson, our eLearning Lead Practitioner, has sent out her regular eLearning News to all ICT Leads last week which includes the opportunity to register for this year's NTLTiPadBand. Please ask your ICT Lead for further information.

Apple Teacher

After the success of last year's Apple Teacher accredited CPD the Trust will once again be running accredited Apple Teacher courses for teaching and support staff in Trust schools.

Dates for the training are as follows:

Trainer: Lynsey Carr

Session 1 - 24th January 2019

Session 2 - 7th February 2019

Session 3 - 14th March 2019

Session 4 - 9th May 2019

Trainer: Laura Dickinson

Session 1 - 10th January 2019

Session 2 - 31st January 2019

Session 3 - 7th March 2019

Session 4 - 28th March 2019

Trainer: Laura Dickinson

Session 1 - 2nd May 2019

Session 2 - 23rd May 2019

Session 3 - 27th June 2019

Session 4 - 11th July 2019

All sessions are 1.30pm-4.00pm at the Apple RTC

Please sign up your teachers/teaching assistants INDIVIDUALLY here so that we can organise the sessions accordingly by clicking [HERE](#)

Teacher Subject Specialism Training in Physics

Venue: Churchill Community College

As increasing number of non-physics specialists are teaching physics to KS3 and GCSE, it is important that teachers doing so feel confident in their own understanding of the subject. This course is intended for non-specialist teachers to improve subject knowledge and develop an understanding of effective pedagogical approaches. By considering all of the key concepts in the physics curriculum in some depth and considering how to use practical work effectively, this develops confidence in participants to use these approaches with their classes.

Who is the course for?

Non-specialists teaching physics for pupils aged 11-16 and those who support colleagues returning to the profession.

The course is being delivered for 2 cohorts with the dates as follows

Cohort 1 : 18/12/18, 29/01/19, 26/02/19, 12/03/19, 02/04/19, 07/05/19, 04/06/19, 18/06/19

Book [HERE](#)

Cohort 2: 12/02/19, 05/03/19, 26/03/19, 23/04/19, 21/05/19, 18/06/19, 18/06/19

Science Learning Partnership

To book onto any of the following courses please visit:

www.ntlearningtrust.org.uk/events

Strengthening Practical Work in GCSE Physics

The aim of this course is to enable teachers and technicians of physics to explore a range of ideas for teaching topics across the physics curriculum. Through hands-on activities you will undertake new and established strategies and relevant practical techniques to make students' learning more effective.

Date: 29th November 2018

Venue: Whitburn CofE Academy

Cost: £155.00

Book [HERE](#)

CLEAPSS Working with glass

This one-day practical course will provide technicians with the knowledge and skills required to make most of the simple bends, and other items required for gas preparation, in most science departments. It will also demonstrate how some items of broken glass equipment can be repaired.

Date: 29th November 2018

Venue: Newcastle College

Cost: £90.00

Book [HERE](#)

Mighty Futures Goal 7

This session will focus on the challenge of clean water and sanitation. We will explore resources, employers and challenges you can set to engage children in science and careers; making them aware of employers and exciting inventions and innovations taking place regionally and internationally.

Date: 6th December 2018

Venue: The Central Exchange

Cost: Free

Book [HERE](#)

Teacher CPD

Strengthening practical work in GCSE chemistry

Research evidence indicates that practical learning improves student motivation, attainment and overall school performance. Through hands-on activities you will undertake new and established strategies and practical techniques to make students' learning more effective.

Date: 7th December 2018

Venue: Joseph Swan Academy

Cost: £155.00

Book [HERE](#)

Linking primary science and maths

Collecting, analysing and presenting data in science requires and provides opportunity for the use and development of mathematical skills.

Date: 30th January 2019

Venue: King Edwards Primary School

Cost: £155.00

Book [HERE](#)

Senior Technicians: Leadership, training and management

As an experienced technician, in charge or aspiring to run your department's technical service, this course will enable you develop skills for sharing good practice and to identify and address any changes needed to improve. You will be able to deliver and enhance the service in your school and possibly beyond, through training others and setting up local groups.

Date: 4th February 2019

Time: 9.00am-4.00pm

Venue: Sandhill View Academy

Cost: £155.00

Book [HERE](#)

Teacher CPD

Strengthening subject understanding in KS2

This course focuses on the big ideas in primary science which will help you make a difference to children's learning by identifying and challenging misconceptions. Reinforcing your own subject knowledge and learning about the new topics and ideas in the latest curriculum will give you greater understanding in order to support children and to plan a meaningful curriculum.

Date: 13th February 2019

Venue: Wallsend Jubilee Primary School

Cost: £155.00

Book: [HERE](#)

Discounts, offers and information

Show Racism the Red Card

North Tyneside Learning Trust are pleased to be able to announce a new funding partnership with Show Racism the Red Card.

Trust schools who book workshops with Show Racism the Red Card will be able to claim a significant financial contribution from the Trust in order to support this vitally important work. Workshops and sessions provide an opportunity for young people to discuss racism, prejudice and discrimination in a safe and non-judgemental environment. Working with Show Racism the Red Card to deliver anti-racism educational workshops can help ensure that young people are provided with this opportunity to question, and ultimately reject hateful and destructive ideas and attitudes and can also help ensure that your school is meeting its legislative requirements and is complying with best practice in the area of equality as outlined by Ofsted.

Trust Partner Primary schools wishing to access anti-racism education sessions and fitness fun sessions can claim £300 towards the costs from North Tyneside Learning Trust, while Secondary schools can claim £500.

This offer is available on a limited basis for the 2018/19 academic year, with the Trust committed to providing funding to support the delivery of funding in a maximum of 20 schools. Funding will be allocated on a first come, first served basis, so we advise you contact Show Racism the Red Card early to avoid disappointment.

This offer is only available to schools with a Partnership Agreement with North Tyneside Learning Trust.

Please contact wendy@theredcard.org to discuss your requirements and book your workshop, and Show Racism the Red Card will send you instructions to contact us to claim your contribution

School Improvement Team

As an NTLT Partner school you can request the support of any of our School Improvement Team free of charge. Our Literacy HLTA can be deployed in any partner first, primary and middle or special schools, and our Science, Maths and eLearning leads work across all schools.
