

Gemma Robson

Gemma is a practicing primary school teacher at Wallsend Jubilee Primary School in North Tyneside, and as such she is very much in touch with the ever changing demands of the primary science curriculum.

Gemma was awarded Primary Science Teacher of The Year 2021 and has been fortunate enough to work alongside a range of science leaders and teachers to develop the role of science within their schools, including consultancy work and preparation for Ofsted Deep Dives.

Gemma has been a lead facilitator for STEM Learning since 2018, leading a range of bespoke CPD courses across the Northumberland, Tyne and Wear Partnership, both face to face and remotely. Her specialisms are in Working Scientifically and in Assessment for Science.
