

# Ben Hayden

Ben Hayden, our Local Leader in IT is a class teacher and Digital Learning Lead at Monkhouse Primary School; Ben also leads on the school's digital strategy.

He demonstrates an interest in the ways in which technology can be used to enhance, engage and inspire learning opportunities within education and also works as an Apple Distinguished Educator.

Within his role, he collaborates with colleagues to support the planning and implementation of creative technology across the curriculum and supports upskilling in order to promote innovative redefinition to teaching and learning outcomes. Through this, he recognises the importance of collaborative groups and promotes connectivity within communities.

Ben has a vast understanding of the ways in which technologies and platforms can be utilised within education and holds additional credentials as a Google Certified Educator and a Showbie Certified Educator to support his practice within schools. In using this, he is able to tap into a range of platforms to aid and support a variety of school cultures.
