

Apprentice Case Study

Name: Faith Wight

Attended: George Stephenson High School

Works for: DXC Technology

Apprenticeship Route: L3 Business

Administrator & Project Management Degree

Apprenticeship

Job Role: HR Transformation Project Consultant

Why did you choose to do an apprenticeship?

I was excited by the thought of taking on responsibilities within a large organisation, while learning on the job from some of the best mentors and earning a wage at the same time.

What do you enjoy most about doing an apprenticeship?

The opportunities it has given me. I have been able to gain experience in multiple areas of the business throughout my time as an apprentice, but also the external opportunities such as getting involved in STEM volunteering and attending awards ceremonies and events.

What advice would you give somebody interested in doing an apprenticeship?

Your apprenticeship experience is what you make of it. Take every opportunity that you are presented with, you never know where you'll end up, who you'll meet and what you'll learn along the way.
