

Apprentice Case Study

Name: Jess Duff

**Previous School: John Spence Community
High School**

Organisation: Newcastle Building Society

Job Role: Software Developer

Why did you choose to do an apprenticeship?

I decided to go down the apprenticeship route as I thought that it would be more beneficial to work and learn rather than studying a degree remotely due to the lockdown.

What do you enjoy most about doing an apprenticeship?

The thing I love most about being an apprentice is gaining accredited qualifications whilst progressing my career.

What advice would you give somebody interested in doing an apprenticeship?

My advice would be to be organised and to ask loads of questions! No question is a silly question 😊
